

CROSSPOINTE SWIM AND RACQUET, INC.
Pool Rules and Procedures
Summer 2015

TO: All Members

The following Rules and Procedures have been carefully developed to ensure the safety, comfort and benefit of the membership in their use and enjoyment of club facilities. They have been established by the Crosspointe Pool Committee (hereinafter referred to as the "Committee") and approved by the Crosspointe Board of Trustees (BOT). Use of the word "Club" refers to Crosspointe Swim and Racquet, Inc. You are urged to review these rules and to cooperate in their application.

I. MANAGEMENT

In order to provide the best service possible, the BOT contracts with a professional pool management company to provide pool operations. Through its on-site personnel, it is the contractor's responsibility to provide courteous, reasonable and mature enforcement of the letter and the spirit of these rules. The pool manager is empowered to interpret and apply these Rules and Procedures in conjunction with the contractor's rules governing safety.

II. POOL SEASON

A. The pools shall open the Saturday of Memorial Day weekend and close on Labor Day with one exception. The Glen Eagle Pool will be open the first two weekends after Labor Day unless modified by the Pool Committee. The modification may be based on anticipated usage, financial status, or other circumstances that require closing the pool earlier than planned.

B. The pools shall be available before normal operating hours for swim and dive team practice and Club sponsored swim lessons.

C. Certain Club sponsored activities or special events may occasionally necessitate the temporary closure of one of the pools or restrict their full use for general

swimming. These activities may also precede or extend normal swimming hours. Such activities may include swim and dive meets, Club sponsored adult, teen, or pre-teen parties, team banquets, Family Fun Parties, Adult Pool Parties, etc. In the case of temporary closures or restricted pool use, as much notice as possible shall be provided with the date(s) conspicuously posted. At all times only one pool will be closed and the alternate pool is always available for your use.

D. The pool manager has the authority to temporarily close the pool for health, safety, or mechanical repairs. Notification will be posted at the pool in advance, time permitting. At the discretion of the pool manager, the pool may also temporarily be closed when threatening weather conditions exist. When closed due to lightning or thunder, the pool shall remain closed for a minimum of 45 minutes from the last lightening or thunder strike. Pool closure during normal pool hours for any reason other than health, safety or mechanical repairs requires the concurrence of the Pool Committee Chairman or Vice-Chairman.

E. A ten-minute rest period / adult swim shall be observed before each hour during general swimming time except for the last break of the day (normally 8:50 pm).

III. SWIMMING POOL ADMITTANCE

A. Only members and authorized guests may use the pools and facilities. All members will be required to give their Crosspointe Swim & Racquet photo identification (ID) card, validated for the current year, to the person on duty at the desk prior to admittance. Members are asked to cooperate and be patient when being processed for admittance. New or replacement Crosspointe ID cards are available only at the Crosspointe Community Center (CCC) business office during designated hours.

B. All members aged six or older must have a validated Crosspointe Swim & Racquet photo identification (ID) card with a 2015 sticker in order to gain entry into the pools.

C. Photographs on Crosspointe Swim & Racquet photo identification (ID) cards will be updated free of charge for children at ages 10, 14, and 18 who will celebrate that birthday as of Memorial Day. However, in those cases in which a photo identification (ID) card has been issued within one year preceding ages 10, 14 and 18, the photograph does not have to be updated until the next birthday cycle (14 or 18).

D. For the purpose of pool registration, there are four types of membership:

1. Homeowner Membership - The homeowner(s) and the immediate family residing in the same Crosspointe home. An immediate family is presumed to be the homeowners and their children. Exceptions will require proof of permanent residence within Crosspointe (Drivers License with address, Official Mail showing resident's address, Tax Return, etc...) and will be reviewed by the Community Manager.
2. Resident/Tenant Membership - If the homeowners do not reside in their Crosspointe homes, they may (with a power of revocation) transfer their pool

privileges to the tenants residing there. In this circumstance, the tenant/head of household and immediate family residing in the Crosspointe home are eligible to register as pool members, and the homeowner gives up pool privileges. Extended family members living with the tenants are not eligible. The definitions of “immediate family” and “Residing in the same residence in Crosspointe” contained in paragraph 1 above applies.

3. Associate Membership - The BOT has authorized the sale of annual seasonal memberships to up to 200 non-resident families. The associate member / head of household and immediate family residing in the same household may register as pool members. The definitions of “immediate family” contained in paragraph 1 above apply.
4. Family Care Provider - This is a limited, specific purpose membership designed only to meet the requirements of Crosspointe families with small children.
 - a. If a family care provider must be used to supervise members' children at the pool, the member must complete a Child Care Authorization Form. Only this form, signed by the parent, will be accepted. (Forms can be obtained from the Crosspointe business office, either pool or the Crosspointe web site at www.crosspointe.info.)
 - b. The family care provider must be 16 years old or older, familiar with the pool rules, should be a competent swimmer, and if not a member of the pool, the provider must pay a \$4 fee (Section IV.A) or purchase a one season temporary pass established only for family care providers. The price of this pass will be \$25 per swim season, and remains valid only while the pool member employs the provider. Providers are not authorized Crosspointe photo ID cards.
 - c. Members are responsible for the conduct of their children who attend the pool accompanied by a provider, as well as for the conduct of the selected provider.
 - d. Only members' children may use the pool while attended by a family care provider. A provider may not bring guests to the pool, and may supervise a maximum of three children under his/her charge.
 - e. Only one family care provider pass within a household may be active at any given time, except as authorized by the Community Manager.

E. The following applies to children aged 12 and under in terms of their pool access:

<u>Age</u>	<u>Conditional Items</u>
0 - 9	Must be accompanied at all times by a person 16 years old or older.
10 - 12	Must satisfactorily complete items (1) and (2) listed below to enter the pool during the day unaccompanied.
12	After 7:00 p.m. must be accompanied by a person 16 years old or older.

(1) Pass a basic swim test administered by the pool staff. The test shall consist of:

- a. Swim one length (25 meters) of the pool without stopping.
- b. Tread in deep water for one minute.
- c. Float on back for one continuous minute.

(2) Have on file at the pool the Children's Swim Contract to attend the pool alone and have a valid sticker on their photo ID. (Sticker provided after swim test)

IV. GUESTS

A. All guests must be accompanied by a member at all times. Guests will be registered at the gate personally by the sponsoring club member or their dependent. Guest passes may be purchased at the Community Center and front desk for \$30, good for 10 uses. These multi-use cards will have no expiration date and will be "punched" for each use at the pool desk. Individual one-day guest passes may also be purchased at the front desk of either pool for a fee of \$4.00 each.

B. Guests aged 12 and under must be accompanied by a member or a member's dependent who is 16 years old or older.

C. Although members may bring guests, it is urged that discretion be exercised when doing so out of respect for the rights of all other members who deserve to use our facilities under normal conditions.

D. A member may bring up to 3 non-family members under the age of 10. Non-family members include guests as well as pool members.

E. Members whose right to use recreational facilities have been suspended may not enter the pool.

F. Exclusion of Guests: Should the BoT deem it advisable they may, by advance notification, restrict or exclude guests on certain national holidays or on days set aside exclusively for activities of the Club membership.

G. Visitors: Visitors of an adult member may be admitted to the premises to observe the activities of the Club. For this purpose, such visitors shall be admitted without charge. Should a visitor desire to utilize the facilities of the Club, the guest fee shall be charged. All guests and visitors are subject to the same rules as members. The member present assumes full responsibility for guests and visitors and may be penalized for infractions committed by guests. In case of medical emergency, all guests will be handled in accordance with the instructions of the sponsoring member for his / her family and notification will be made to an adult of the sponsoring family.

V. SWIMMING POOL RULES AND PROCEDURES

The following rules and regulations are for the protection and benefit of all members and the pool staff. These rules have been established to assure safe and healthy operation of Club facilities. Parents are requested to educate their children to observe all rules and obey instructions of the pool manager and other employees.

A. General:

1. A minimum of 2 people must be present at the pool any time the pool facility is open for cleaning, maintenance, or use. This provision also applies to lifeguards who work before or after normal pool hours to clean and maintain the pool facility.
2. No person shall use the pool unless it is officially open and lifeguards are on duty and properly stationed except as established by the Swim and Dive Team Memorandum of Agreement.
3. Alcoholic beverages are not permitted anywhere on the pool deck at any time except for Club sanctioned Adult Parties.
4. Drugs are not permitted on pool grounds except as prescribed by a health care professional.
5. Pets are not permitted on pool grounds. Guide dogs or service animals are exempt from this rule.
6. Trash or refuse must be placed in appropriate trash or recycle containers.
7. Vehicles, Bicycles and Motorcycles:
 - a. Parking - Vehicle parking or waiting in the fire lanes is prohibited. Vehicles will only be parked in authorized parking spaces. No parking is allowed on the grassy areas in the parking lot. Cars will not be parked at an angle or spread over two spaces to minimize door-

bumping damage. When the parking lot is full and parking is sought on adjacent streets, members and their guests shall not park in front of private driveways and mailboxes.

- b. Bicycle parking must be in any bicycle rack provided or in the immediate adjacent area if the racks are full. When bicycle racks are full and adjacent areas are used, a clear path must be kept open down the sidewalk for pedestrians to walk. Bicycles are the responsibility of the owner.
 - c. Pool parking lots will not be used as a place to operate engine-powered model aircraft, model cars, mini-bikes, motor scooters, go-carts, big wheels, skate boards, roller blades, etc. The parking lot and club grounds can only be used during the operating hours of the pool or during scheduled events at the community center.
 - d. Loitering is NOT permitted when the pool is closed. Violators of this rule will be subject to Laws of Trespass, even if a member.
 - e. Speed Limit - in the pool parking lot for all types of vehicles and bicycles is 10 miles per hour or whatever lower speed is appropriate for conditions. It is requested that members also observe this limit while on the feeder road. Any member, providing all available information, may report violations of this rule. Such reports need not allege a specific rate of speed, but must contain adequate information showing that the speed was "too fast for conditions". Speeding rule violations will be handled as any other violation and may result in suspension from the pool for the season.
 - f. Right of Way in pool parking lots - Pedestrians always have the right of way. Motorized vehicles will always yield to bicycles.
 - g. Bicycles and any type of vehicle may not be operated on any grassy area.
 - h. Horn blowing is not permitted except as necessary to avoid an accident. Members or guests in the bath house or pool compound will not be summoned to waiting cars by blowing vehicle horns.
8. All members and their guests shall respect the property rights of homeowners in the immediate neighborhood of the pool. Lawns of nearby homeowners will not be used for short cuts nor will their property be abused in any way. Violations of this rule may result in the suspension of pool privileges as determined by the Committee.
9. Food or refreshments may be consumed only in the designated areas. No food or drink of any kind will be consumed on the deck adjacent to the pool, with the exception of bottled water only. No glass containers are allowed on the Club premises at any time.

10. Appropriate attire is required. Ragged clothing is prohibited, as the strands clog filters. Only bathing suits or attire approved by the pool manager will be permitted.
11. Willful Damage, Destruction or Unauthorized Removal of pool property will be charged to the member(s) responsible. In the case of children or guests, such costs will be charged to the responsible member(s). Responsible member(s) will be required to pay for such damage or equipment removal. If payment is not made after written notification, the matter will be referred to the BOT for action. Failure to pay damages may result in suspension for the season.
12. A lap lane will be provided at the Oak Chase Pool strictly for lap swimming. When Oak Chase is not otherwise available, a lap lane will be provided at Glen Eagles. Care should be taken not to interfere with lap swimmers. At the pool manager's discretion, the lap lane may be closed when the pool is crowded.
13. Lost articles may be examined daily by request to the pool manager. Articles not claimed within 14 days will be disposed of at the discretion of the pool manager and the Committee. The Committee is not responsible for lost, stolen or damaged articles.
14. Revisions to these rules or additional rules can be proposed by the Pool Committee at any time for Board of Trustee approval.

B. For Health and Safety Reasons: All members shall observe the following:

1. No running, pushing, wrestling, or causing undue disturbance in or about the pool area.
2. The swimming pool will be reserved for those 16 years old and older 10 minutes per hour. Lifeguards will clear the pool of those under 16 for this 10-minute swim period.
3. In consideration of your own health, and the health of others, swimming during and immediately following any illness is inadvisable. In particular, individuals having infections of the skin, eyes, respiratory or gastrointestinal systems, open lesions, wearing bandages, or having coughs or colds may be excluded from the pool.
4. Hot water showers have been installed for your convenience. All bathers must take a hot water shower before entering the pool.
5. A foot shower must be taken by anyone entering the pool from the grassy area and/or volleyball court at the Oak Chase pool.

6. Pool house toilets are to be flushed after each use by the user or a parent/child care provider.
7. Smoking in the pool area or in the pool house is prohibited. A designated container for cigarette butts is provided outside of the pool houses. All butts are to be placed in these containers. Disposal of cigarettes on the ground is prohibited and considered grounds for suspension of pool membership.
8. Gum chewing is not permitted in or about the pool area.
9. Injuries occurring on the pool property must be reported to the pool manager or lifeguard who will file a report recording the circumstances.
10. The control of noise in pool facilities is essential. The manager, lifeguards, members and guests will help in keeping noise at a tolerable level.
 - a. Loud, profane, vulgar or abusive language is not permitted on the pool grounds. Offenders will be suspended for the remainder of the day. One warning will be given.
 - b. Individual audio devices will utilize headphones.
11. Children not completely toilet- trained present a particular hazard to community health and great care must be taken to prevent pool contamination with excrement. Infants/children not toilet trained must wear swimsuit diapers. Non-swim diapers or tight-fitting plastic pants are prohibited.
12. Face masks (only with approved tempered glass), noodles, inner tubes, snorkels, life jackets, fins, and nerf balls are normally accepted. The pool manager may make specific exceptions to this rule. Swimmies (inflatable rubber tubes that fit around a child's upper arms) are allowed in the pool if the parent or guardian is within arms' reach. Inner tube / vest combinations are prohibited. Prohibited devices will not be allowed in or around the pool.
13. Lounges, chairs and tables are available on a first come-first served basis. These items will be placed so as not to obstruct free access to the pool house entrances and the pool manager's office.
14. The pool will close promptly at 9:00 pm. Your prompt departure at closing time in an orderly manner from pool facilities (especially the showers) is essential in order that employees may properly secure for the night.
15. Wading Pool Requirements: The pool does NOT furnish lifeguard service at the wading pool. Parents, or those delegated by the parents to be in charge of their children, shall remain physically with children in the wading area. Children delegated to care for young ones in the wading area

must be 13 years of age or older. Use of the wading pool is restricted to children age 5 and younger. Infants/children not toilet trained must wear swimsuit diapers. Non-swim diapers or tight-fitting plastic pants are prohibited. Additionally, the wading pool is closed during swim and dive team practices for the safety of our patrons as normal emergency response for recreational swimmers is not in place.

C. Diving Board Requirements:

1. Only one person may be on the diving board / ladder at a time; excessive bouncing is prohibited. Divers may only dive or jump from the front end of the diving board.
2. At the manager's discretion, the diving board may be closed when the pool is crowded in order that members and their guests may utilize the diving well for swimming.
3. Divers will not dive until the previous diver has cleared the area below the diving board and reached the sidewall of the pool.
4. General swimming is prohibited in the diving area when the diving boards are in use.

D. Pool parties:

1. The party locations are as follows:

Glen Eagles

- a. Funbrella
- b. Back Grilling Deck

Oak Chase

- a. Grassy Area
- b. Pavilion

2. General rules:

- a. Holidays and holiday weekends are not available for parties
- b. Reservations are first come – first serve
- c. Each party will be no more than two hours
- d. Only one large party group (more than 10 total people) at a time per pool (25 maximum plus chaperones)
- e. Only two large parties on one day maximum at the same pool
- f. There will be a one hour separation between two parties.

- g. Guests pay a \$4 entry fee
 - h. Cleanup to be complete within 15 minutes following the party. The person requesting the pool party reservation is responsible for all cleanup, including the grills if used.
 - i. Set up may begin 15 minutes prior to the party
 - j. Party attendees may re-enter the pool following a party at no additional expense
 - k. Maximum number of guests is 25 plus chaperones
 - l. No loud music, DJs or Bands
 - m. The requestor is responsible for the conduct of his/her guests
 - n. The requestor is responsible for cleanup and additional expenses associated with the party.
3. Only Crosspointe Pool members in good standing are eligible to schedule a pool party.
4. Request procedures
- 1) Complete a reservation form (Exhibit one)
 - 2) Complete a guest list (Exhibit two)
 - 4) Submit the request to Crosspointe Community Office (prior to opening day).
 - 5) Submit the request to the Pool Manager or Assistant Manager (after opening day)

VI. RULES ENFORCEMENT

- A. All members must help enforce the pool rules by complying with the spirit of the rules.
- B. Direct enforcement of the rules rests primarily with the pool manager. The pool manager will make on-the-spot decisions regarding health, safety, and operational matters.
- C. Lifeguards will be in easily identifiable uniforms and all members are expected to comply when they are enforcing pool rules. Lifeguards are responsible to ensure the safety of swimmers in and around Crosspointe pools. They are reliant on the cooperation and support of members, and their guests, to ensure a safe and enjoyable pool experience. Misbehavior of any member, or guest, becomes a

distracter that could jeopardize the safety of all other swimmers.

D. It is the discretion of the pool staff to determine if a particular incident is serious enough to divert their attention from the remaining swimmers or constitutes a safety issue. The following procedures will serve as a guide in managing incidents and quickly returning lifeguards to their primary responsibility.

1. Upon observing a violation of pool rules, the lifeguard can either issue a warning or, at his/her discretion and after consultation with the pool manager, suspend pool privileges for the day if a single violation is severe. Examples of serious incidents include, but are not limited to, willfully ignoring lifeguard instructions, communication of a threat, throwing firecrackers in and around the pool, assault and/or intolerable behavior beyond societal norms. These violations will be determined at the discretion of the lifeguard and pool manager and will be the basis for expelling the violator on the first offense.
2. Should the violator be a guest, they and the pool member who invited them will be asked to depart the pool area.
3. Should the lifeguard observe a trend of misbehavior by the same individual(s), he/she may evict the offender(s) after consulting with the pool manager.
4. The pool manager will submit a written report of all pool expulsions and/or evictions to the community manager.
5. An eviction based on a single serious incident or a trend of misbehavior during the pool season will result in the violator surrendering his/her identification card prior to departing the pool area.
6. The pool manager will advise the violator(s) that the violator's parent/guardian may retrieve the identification card at the Glen Eagles pool operations desk. Pool privileges for the violator(s) will be revoked until the parent/guardian retrieves the identification card(s).
7. The community manager will consult with the pool committee if, in his judgment, the situation warrants pool committee review.
8. Either the community manager or the pool committee will consider the situation and then render a recommended course of action.
9. A letter of explanation from the community manager will be attached to the identification card explaining the incident(s) to the parent/guardian and the rationale for surrendering the card.
10. Should the violator be further involved in similar misbehavior during the pool season or the family demonstrates an unwillingness to cooperate with the pool committee and staff, the matter may be referred to the Board of Trustees for their consideration.

E. The Pool Manager is responsible for general administration and enforcement of all pool rules. You are encouraged to bring any issues to the attention of the Pool Committee. Names and phone numbers are available on the entrance windows.

- F. The Club will prosecute cases where legally sufficient evidence is obtained, and police assistance will be secured whenever appropriate.

VII. LIABILITY

The Association, its Board of Trustees, the Pool Committee, and the Pool Management Contractor are not liable for:

- A. Any accident or injury to any person or their property.
- B. The loss or damage to personal properties, belongings, bicycles, or automobiles located on or near the pool property.

VIII. ADMITTANCE REFUSAL

- A. In the best interest of pool operations, the pool manager shall have the authority to refuse admittance to any member or guest if in the manager's opinion sufficient cause exists, such as situations, which may affect the use of the facilities, the health and or safety of any member/guest, or the actions of any member/guest.
- B. Those members whose recreational privileges have been suspended by the Board of Trustees are not authorized to use the pool, even as a guest of another member. The pool manager shall immediately inform the Pool Committee in writing whenever a member and/or their guest(s) are refused admission.
- C. The pool manager shall have the authority to temporarily refuse admittance to any member and/or guest when the stated pool capacity has been reached. A sign will be displayed outside the pool entrance indicating the temporary condition and estimated waiting time. Fairfax County establishes maximum capacity. The Glen Eagle's pool maximum capacity is 237. The Oak Chase pool has a maximum capacity of 234.
- D. Any member or guest not wearing the proper swimming attire will not be allowed entry into the pool area.
- E. Falsification of pool membership application information is a basis for revocation of pool privileges for the entire household for not more than sixty days and in the case of Associate Memberships for the swim season with forfeiture of fees paid.

The rules contained herein have been established for the protection, benefit and enjoyment of all members and their guests. They were developed to insure the safe and healthy operation of pool facilities, to provide equitable distribution of pool availability to all age groups and swimming disciplines within the community, and to extend the service life of equipment and grounds.
